

CHS Missed Tests and or Evaluations

Updated February 2023

CHS Missed Tests or In-Class Evaluations Flow Chart

When students miss a test or in-class evaluation, they miss the opportunity to demonstrate their learning and receive timely feedback that can inform their next steps in learning. Additionally, students can become overwhelmed as missed tests and in-class evaluations can quickly pile up. This school wide approach will develop communication, time management, and task readiness skills while preventing students from being overburdened by compounding evaluations.
